HI-WAY EQUIPMENT NOW DISTRIBUTES BARKO HYDRAULICS EQUIPMENT Line Includes 24 models of Knuckleboom Loaders/Material Handlers

Houston, TX (December 13, 2010) – Hi-Way Equipment is pleased to announce that the company now offers material handling equipment from Barko Hydraulics. The line includes 24 models of knuckleboom loaders/material handlers. Parts and service for the equipment are also available, and a selection of equipment is on hand to rent.

“We are proud to be a distributor of the Barko equipment line,” says Brent Mumford, CEO of Hi-Way Equipment. “Their material handling equipment is known for its high level of performance. They join our line-up of top quality brands.”

The Barko Hydraulics machines are designed to last longer and perform better than competing brands. The equipment is excellent for the scrap, construction and industrial markets. Barko products have been shown to deliver up to 25% more loads each day, while using up to four gallons of fuel per hour less than other brands. The machines are built with premium components and log more uptime and fewer repair costs than comparable equipment.

About Hi-Way Equipment

Hi-Way Equipment has been selling, servicing and renting heavy machinery since 1948. The company has eleven locations throughout eastern Texas. Manufacturers represented by Hi-Way Equipment include: Case Construction, Gradall, Kawasaki, Astec, Pettibone, Case IH, LeeBoy, Rosco, Wirtgen, Hamm, Vögele, Allianz, Madvac, Vacall, Terramite, and Wacker Neuson.
